Wired Omni Cable hub

HYBRID EMV SMART TERMINAL

The AMP 8200 with Omni Cable combines the familiar Smart Terminal experience of a portable device with the convenience of a hardwired connection for power, USB, and network via ethernet. The low-profile, mountable omni cable is ideal for working with countertop POS & ECRs, where stable wired connections for power, network, and peripherals is a top priority. Optimized for the AMP 360 Cloud Platform, the 8200 is ready to integrate to any payment solution, keeping transaction data secure while engaging customers on the 5.5" HD display. With the built in camera & QR code scanner, the 8200 + Omni Cable handles the entire payment experience from a single, secure, and intuitive device.
